GROCERS AND COFFEE ROASTERS.

NEW YORK BANK FAILS

The Seventh National Bank Forced to Close its Doors.

RECEIVER IS NAMED.

Heavy Loans the Only Cause Known for the Failure—Statement of Assets and Liabilities Not Yet Made Public.

New York, June 27.—The Seventh National bank has suspended payment as a result of a meeting of the board of directors, depositors and William Nelson Cromwell, the attorney for the bank. The bank opened for business as usual this morning but at 10:45 the doors were closed and Forrest Raynor, a national bank examiner, took charge.

The last statement of the bank was as follows: Paid up capital, \$300,000; surplus and profits, \$216,000; due to banks, \$897,550; individual deposits, \$3,438,707; loans and discounts, \$2,732,780; bonds, stocks, etc., \$683,430; due from banks, \$443,830; cash and exchange, \$1,284,650.

The Seventh National bank was originally the old Seventh Ward bank, and was established in 1883. For a long time the control of the institution was held by John McAnerney, who was president of the bank. In May, 1899, First Assistant Postmaster General Perry S. Heath practically acquired a controlling interest in the stock of the Seventh national, and changes made in personnel of officers and board of directors. The officers and directors are E. R. Thomas, president; Fletcher Heath vice president and George W. Adams, cashier.

The suspension of the bank followed this statement made at the clearing house:

"At the clearing house the Seventh National bank came in debtor for \$644,108.95. The clearing house committee then met. When it was found that the debt balance was so heavy the committee communicated with officers of the bank and was informed the board of directors would soon come to some decision. In consequence of this statement the clearing house held back 30 minutes.

At 10:45 a. m., W. N. Cromwell, Edwin Gould and Mr. Thomas, president of the bank, came into the clearing house informed the committee that in view of their heavy debt balance and for other reasons it was considered wise the bank should temporarily suspend. The clearing house committee thereupon directed the manager of that institution to eliminate from clearings all operations of the Seventh National bank.

The Seventh National bank was custodian of the funds of the New York postoffice. Assistant Postmaster Morgan said when he heard the news of the bank's suspension that the postoffice was amply protected. When the account was opened the bank put up \$250,000 in government bonds as security. The comptroller of currency appointed Forrest Raynor temporary receiver of the Seventh National bank, and ordered the bank closed, because it would not give satisfactory assurance that loans aggregating \$1,600,000 made by the bank to Henry Marquand & Co., New York brokers, would be taken up and the cash therefor placed in the bank by Saturday night next.

The suspension caused a ripple in Wall street. In banking circles it is said the Seventh National's heavy debt balance was the result of the news of the bank's embarrassment Tuesday being telegraphed throughout the country. Interior institutions having monies deposited with the Seventh drew on the bank and these drafts all coming on at the same time were too much for the institution.

Americans Killed.

Manila, June 27.—Lieutenant Edward Downs of the First infantry and one private of that regiment have been killed in the southern part of the Island of Samar.

Captain Woodburn of the Nineteenth infantry captured Samson's camp in the Island of Bohol. Private Kraus of that regiment was killed and 14 men were wounded.

Lieutenant Mina McNair captured 54 insurgents in the northwestern part of the province of Tayabas, Island of Luzon.

The army register gives the name of Major Thomas C. Woodbury of the Nineteenth infantry, but does not mention Captain Woodburn.

Burned by Blackmailers.

Topeka, June 27.—Mrs. W. C. Carson, the wife of a wealthy Cowley county farmer, is dying of burns received in the destruction of the house by fire in the absence of her husband. It is supposed the incendiaries are unknown blackmailers who had written the farmer anonymous letters, ordering him to deposit \$5000 in a certain spot under a

penalty of having his house burned. No attention was paid to the letters.

Crops Devastated.

Berlin, June 27.—News received from Romiten, Prussia, shows the whole of the Romiten district has been devastated since June 24, by hailstorms and cloud bursts.

Shamrock's Date at New York.

Glasgow, June 27.—Shamrock II is expected to arrive at New York about Aug. 15.

LEIPSIC BANK FAILURE.

The Assets Given Out Include Millions Marks of Bad Debts.

Leipsic, June 27.—Herr Exner, a director of the bank, which suspended payment on June 25, has been arrested. The public prosecutor is investigating the affairs of the bank.

It turns out that the report of the Leipsic bank published Wednesday was misleading. Reliable information now shows the sum of 111,000,000 marks which forms the bulk of the assets, included 87,000,000 marks loaned to the Cassel Treber-Trocknung company, of which only a part can be realized upon.

The Tageblatt says the Leipsiger bank quite recently advanced another 15,000,000 marks to the Cassel Treber-Trocknung company, after it was known the latter was insolvent.

Representatives of the leading banks in Berlin say no doubt all cash of the Leipsiger bank and its reserve amounting to 53,000,000 marks are lost. Dresden and Leipsic bourse refuses to handle Leipsiger bank stock.

The policy of Leipsiger bank's board of directors has for years been such as to lead to the belief that other arrests on the charge of culpable negligence will follow, taking into custody of Herr Exner. Members of the board of directors include some of Leipsic's wealthiest citizens.

Berlin, Leipsic and Dresden morning papers express the highest indignation at the conduct of the Leipsiger bank directors and demand a searching investigation. The Vossische Zeitung editorially says: "In view of the whole series of recent failures, it is evident that the present German system of Aufsichtsrath (namely the board of directors and trustees) urgently require forming or abolishing it, the latter preferred."

Confessed to Murder.

Vinita, I. T., June 27.—George Williams on his deathbed here confessed to being an accomplice in the murder last September at Pryor creek of T. E. and Green Smith of Sweden, Mo. In his statement he also implicated William Nichols of Vinita, William G. Smith and Lon Smith of Pryor creek and Joe Smith, the latter now serving a term in the Kansas state penitentiary for cattle stealing. Nichols and the two Smiths have been arrested.

Will Maintain the Quarantine.

Washington, June 27.—It is understood upon good authority that the marine hospital service has decided not to accept the recommendation of Dr. Glennon, who has charge of the service interests in Cuba to suspend a portion of the usual summer season quarantine against Cuba because of the absence of yellow fever in the island at present. There were many protests from all parts of the United States against the proposed suspension.

Anti-Clerical Attack.

Valencia, June 27.—A mob of anti-clericals surrounded a church here while jubilee procession was in progress smashing the windows and blocked the doors to prevent the departure of the procession. Many women fainted and a great uproar ensued. The police finally enabled the procession to start. The mob then proceeded to the archbishop's residence and to the Carmelite convent and broke the windows of those buildings.

Fatally Hurt.

Marlow, I. T., June 27.—While working at the Coker well boring machine in the south part of town, Payne Cary, a boy about 10 years old, was fatally hurt, dying about two hours later. The boy was driving the team and walked up near the lever to start the team when one of the singletrees broke loose and flew back with great force, striking the boy in the stomach, causing internal injuries.

Grace Sullivan Suicides.

Fort Smith, Ark., June 27.—Grace Sullivan, aged 19 years, daughter of J. A. Sullivan, president of the First National bank of Sallisaw, I. T., committed suicide in that town by taking poison. The young lady was very popular and her death came as a shock to the community. No cause is assigned for the act.

Three Men Fatally Scalded.

Chicago, June 27.—Caught in streams of molten metal which poured into the cupola room of the "soft foundry" department of the American Car and Foundry company, seven workmen were frightfully burned, three of them fatally. The explosion of a dynamite shell which had been placed in the cupola with the scrap iron caused the accident.

FRIDAY, JUNE 28, 1901.

The proven oil field has been extended 600 feet by the new Hogg-Swayne gusher at Beaumont.

The consolidation of lumber mills in southeast Texas is progressing smoothly, and the trick will soon be turned.

The supreme court has decided that the purchaser of school land is entitled to all minerals found to be contained under the surface.

To My Patrons.

I have taken especial pains this year with my melon crop to be able to furnish my patrons with the very best quality. I have a nice lot on sale in the city market building, and wish you to try them. I regret not being able to give my personal attention to my business on account of bad health, and hope to be at your service again soon. Please do not forget me, at the city market, where I have not only melons, but many other good things in my line.

McDuff Simpson.

Farmers' Congress.

Houston, Tex., June 26.—Sam H. Dixon, immigrant agent of the Houston East and West Texas, and secretary of the State Horticultural Society, prognosticates the greatest meeting of farmers ever held in Texas at the Agricultural and Mechanical College on July 24-26, the dates of the fourth annual Farmers Congress. "There will be a display of Texas farm products that alone will be worth riding 100 miles to see," he states. All sections will be represented and a splendid idea of the diversity of Texas' horticultural pursuits may be had at the meeting.

A drawing attraction, he adds, will be the presence of Prof. Waite of the Department of Entomology at Washington. He is expected to be present throughout the meeting.

The Farmers' Congress embraces all organizations in Texas relative to the culture of the soil growth of stock and the like, including the Stock Growers' Association, the Truck Growers, Fruit Growers, Cotton Growers, Cattle Growers, Poultry Growers and other organizations.

BUFFALO EXPOSITION

The United States Building of the Pan-American Exposition of Buffalo, 1901, is now on exhibition in

WAGNER & BRANDON'S STORE

It is an Architectural Wonder.

Built like a fairy palace from tons of Cuticle soap, the pride of the world toilet soap. As an artistic display, it is a marvelous demonstration, and is well worth coming miles to see. As a merchandise exhibit it is the greatest display of toilet soap ever seen in the south; a sight to behold never to be forgotten. We have been appointed the sole distributing agents for Bryan and all towns within twenty-five miles of Bryan, by the Royal Soap Company of Cincinnati, Ohio, whose soaps have been the standard of excellence for nearly a quarter of a century. It is a wonderfully fine dainty soap, soothing to the skin and beautifying to the complexion, and is sold upon its merits exclusively, more than one million families throughout the length and breadth of the land are today using Royal Cuticle Soap and will use no other; so much for the excellence of the soap. The regular price for Royal Cuticle Soap is 10c a cake, but for a limited time, acting as agents for the manufacturers, who desire to introduce the Royal Cuticle Soap in every home, we have the special privilege of selling three cakes for 10c, 40c per dozen, \$4.80 per gross. This gives us power to save money for all people, it is so cheap; it can be no cheaper; so good that it can be no better; it is in the reach of all. We have the right to limit the number of cakes to any customer. Come before the rush commences.

10c PER PAIR

THIS IS OUR OFFER AND
...YOUR OPPORTUNITY.

For today all fancy Lawns, Dimities and White goods will be included in this sale at big reductions.

WAGNER & BRANDON.

HOTEL BURNED.

One Life Is Lost, Some Persons Missing and Several Hurt.

Bakersfield, Calif., June 27.—The Central hotel, about a mile east of here, caught fire early today and before the flames were subdued one life is known to have been lost and others missing. Edward Tibbitt, a fireman, had his skull crushed.

The fire is supposed to have started from the explosion of a lamp in one of the rooms. In a moment all ways of escape were cut off by walls of flames.

One dead body, burned to a crisp, was found. It was identified as George Clark, a blacksmith in the Southern Pacific shops.

John P. Thornton was badly burned about the body and his condition is critical. I. C. Burner, who has just returned from the Philippines, and stopped at the hotel, has not been located and it is thought he perished in the flames. The loss is estimated at \$10,000.

OIL STILL BURNING.

Efforts Being Made at Decatur to Save Five Tanks of Petroleum.

Decatur, Ind., June 27.—The fire which started at Preble Tuesday night by lightning striking a tank of the Standard Oil company containing 50,000 barrels of oil, is still burning. Three hundred men from this city, Huntington, Montpelier, and Lima, O., are now fighting the flames and making efforts to save five other tanks that contain over 300,000 barrels of oil.

Joe Kintz and V. D. Lewton, of Lima, O., were loading a cannon to shoot the burning tank when it exploded, and they were fatally burned. The loss to the Standard Oil company will reach \$60,000. Many of the inhabitants have been badly burned.

Chinese Merchants' Claims.

Washington, June 27.—The claim amounting in the aggregate to 400,000 taels, reported to have been preferred by the Chinese Merchants' association on account of alleged looting by the Amer-

ican marines at Tien Tsin, will be referred to the military authorities for report. So far it has not been presented to the state department. General Heywood, the commandant of the marines, is indignant at the reported intention to prefer this claim, and he cites a telegraphic report from Admiral Remy, dated some time ago, upon the general subject of looting, containing the most specific denial of the allegation so far as any of the United States marines were concerned.

No More Horses Needed.

Seattle, Wash., June 27.—Apparent cessation of active hostilities in the Philippines has determined the government to cease the purchase of horses for use by the army in those islands. The horse corral at Fort Lawton is empty and Quartermaster Ruhlman announced no more purchases will be made in eastern Washington. Announcement was accompanied by a statement that transports Kintuck and Packling, the last of the animal ships under charter to government, will be released on arrival here which is expected to take place in the course of the next few weeks.

Court Adjourns.

Austin, June 27.—The court of criminal appeals has adjourned finally for the term and will convene at Tyler the first Monday in October. The court disposed of 179 cases, being all of the cases on the docket. For the first time in the history of the court the docket is clean. Eighty-six felony cases were affirmed, 41 reversed, 6 life sentences affirmed and 4 reversed, 5 death penalties affirmed and none reversed, 38 misdemeanors affirmed and 14 reversed.

Yokum's Proposition.

Fort Worth, Tex., June 27.—President Yokum of the Frisco will be here early next week, according to report to begin condemnation proceedings for the right of way and for terminals. He has made a proposition to Fort Worth that the company will pay \$50 dollars per acre for 50 acres for terminals if the city will pay all over that sum, if it becomes necessary. The proposition will be accepted.

Charged With Killing Her.

McKinney, Tex., June 27.—A young man of 26 is in jail here charged with killing his mother near Copeville. The deceased died Saturday after a short illness. Neighbors in dressing her for burial discovered bruises and marks of violence on her body which led to her son's arrest.

Diplomatic Relations Renewed.

Vienna, June 27.—Count Gilbert Hohenwart von Gerlachstein has been appointed Austro-Hungary minister to Mexico. Diplomatic relations between Austro-Hungary and Mexico, interrupted since 1867, when Emperor Maximilian was shot, are thus formally re-established.

Most Volunteers Reach Home.

San Francisco, June 27.—The arrival here of the transports Thomas and Buford brings nearly all the volunteer army home from the Philippines. There are yet to arrive the Indiana with the Forty-second regiment and the Kirkpatrick with the Forty-third.

Fought All Day.

Richmond, Cape Colony, June 27.—A large force of Boers, commanded by Malan Smit, attacked Richmond at daybreak on June 25. Fighting lasted till dusk when the Boers retired on account of British reinforcements.

Plague in Portugal.

Madrid, June 27.—The Correspondencia says 12 cases of bubonic plague and 4 deaths from the disease have occurred at Oporto, Portugal.

Lyman Abbott's View.

Writing to the Outlook giving his view of the negro question gained by a trip just completed through the South, in company with a party of educators Dr. Lyman Abbott, the eminent editor and preacher, says: "The Southerner has less prejudice against the negro and more interest in his welfare than the Northerner has; he desires the negro's education, but believes that, whatever it may become in the future, it should now be indus-

trial rather than literary; the south has spent on the negro's education between three and four times as much in school taxes as the north has spent in contributions; the work of the north among the negroes should be carried on in fellowship with southern whites; not in antagonism to them; to attempt to force either political or social equality is to inflict incalculable injury on the negro and on the nation. In a word, the northerner should recognize the fact that the southern white man now wishes to befriend the negro; but the negro should recognize the fact that he has yet to earn the southern white man's respect."

Rice and How to Cook it.

THE SOUTHERN PACIFIC—SUNSET ROUTE is out again with a decided innovation. The passenger department is teaching the people of the country how to cook rice. "Two Hundred Receipts for Preparing Rice," is the title of the rice cook book just issued by Passenger Traffic Manager S. F. B. Morse, and a perusal of the unique volume will, of a surety, make the mouth of the reader water for one or more of the delectable dishes set forth, in which rice is entirely or in part used.

Fifty thousand copies of the books are being distributed at the Buffalo Exposition by the Southern Pacific, and copies will be forwarded on receipt of ten 2-cent stamps, sent to Mr. S. F. B. Morse, passenger traffic manager Southern Pacific, Houston, Texas.

To Cure Dyspepsia and Indigestion. Sour Stomach or Heartburn, take Rex Dyspepsia Tablets. All druggists are authorized to refund money if they fail to cure. Price 50 cents. M. H. James, the leading druggist, Bryan, Texas.

Miss Jennie Howell and Miss Sadie Cavitt left for a visit to College friends yesterday.

Three experienced barbers constantly ready to serve the public at the Union shop.

Grimes County Singing Convention.

The Grimes county singing convention met at Mt. Pleasant Saturday and Sunday, June 15 and 16, and reported a pleasant time.

Delegates from all parts of the county were elected and most of them present. The leaders in singing were as follows: Prof. Lincoln and Simon from Dallas, Texas; J. H. Horton and Outlaw from Cobb; Moore Brothers from Leon; Edgar Neely from Iola, Texas; John Wilson from Cotton, Texas; R. J. Upchurch from Pankey, Texas; Albert Keith, from Martins Prairie; Walter Henderson from Prairie Plains; J. T. Adams, Bedias; M. A. McDonald, C. I. Albertson; Seth Moore, Leon, performed on the organ.

The bylaws first read and accepted, delegates called to the front and singing began at 10 o'clock.

A lemonade stand was run on the ground for the benefit of fixing up the church.

There was plenty of dinner for every body both days.

It is invited to be at Pankey next year. We hope it will be treated as nice and fed as well there as they were here.

Almanac.

BATTLE SCHOOL HOUSE.

Battle School House, July 24.—The weather is very warm at this writing and the farmers need rain very bad.

Mr. and Mrs. Levi Battle attended the quarterly meeting in Bryan Sunday.

Miss Jennie Pearce visited Miss Daisy Battle of Wellborn Sunday.

Mr. and Mrs. Jim Hassell and children went to Wellborn Saturday.

Earnest Battle visited Paul and Benard Jones Monday.

Mr. Tom Pearce attended prayer meeting at Wellborn Sunday night.

There are a good many boll weevils in the cotton in this community, some of the people are picking up squares and some are trying the torch light. The sharpshooters are also doing damage in some places. School Girl.

OIL AS FUEL.

This Is a Problem That Is Now Being Given Much Study.

New York, June 26.—Arthur Landorale Le Norman Brabazon, second son of Meath, who has attained a great name in Great Britain for philanthropic work such as instituting workshops for paupers and gymnasiums for physical training, said in an interview at a hotel here:

"It is my belief that the time is not far off when coal as a fuel will be superseded almost entirely by petroleum."

Young Brabazon has for some years been connected with some large oil concern which owns large fields in Romania. He has visited the oil fields of the Danube, of Baku and the Caspian sea, and has now come to this country to examine the oil regions of Texas and West Virginia. He arrived here last Saturday. Mr. Brabazon is 29 years old. In continuing to speak of his belief that coal would in a short time give way to oil as fuel he said:

"Oil is more cheaply and easier obtained than coal. The means of withdrawing it from the ground has been mastered to such an arrangement has reduced it to a minimum. I visit your coal fields for oil, as they are different from the operation of wells in Russia. There oil is left till it boils out by means of pressed air. I have heard that the method is superior, but I have come to find out for myself."

"The supply of petroleum is practically inexhaustible. At Baku, Russia, on the Caspian sea, there are strata of enormous lengths filled with petroleum which will, of themselves, furnish the supply for several centuries to come."

"Oil is gaining an over-increasing favor with the steamship companies. The lines of steamers plying between Borneo and England already use oil as a fuel instead of coal. The other steamers are being refitted with oil consumption for trade between England and the colonies. It will not be many years before oil will be used on the steamships of the Atlantic trade."

Mr. Brabazon expects to remain in this city for a fortnight or more before starting for the oil fields.

German Trade and Wars.

Washington, June 26.—An interesting report showing the effect of the wars in South Africa, the Philippines and China, on the German export trade for the past few years has been received at the state department from Consul Kehl at Stettin. Germany's exports to the Transvaal fell of nearly \$2,500,000 in 1900 as compared with 1899. On the other hand her exports to the Philippines increased from \$644,600 in 1899 to \$1,499,400 in 1900. Her trade with China also showed a slight increase in 1900 over the preceding year. In exports to Cape Town the statistics showed an increase in 1900 as compared with 1899 of about \$300,000 and a decrease of about the same proportion as compared with 1898.

Oil in the Territory.

Sapulpa, I. T., June 26.—An oil gusher has been struck at Red Fork, a little town on the Frisco, 10 miles east of here. The oil is of dark, olive color, and experts here say of good quality. It was tapped at a depth of 537 feet after drilling through shale and sandstone. The flow is not constant, but at intervals of about half a minute. The pipe is six inches in diameter and the oil is thrown several feet in the air.

Valet Jones a Consumptive.

Middletown, N. Y., June 26.—Valet Jones, the star witness against Lawyer Patrick, passed through here on his way to Liberty, Sullivan county, where he will receive treatment. Jones, who is suffering from consumption, was handcuffed to a deputy sheriff. He had the appearance of an invalid, and despite the fact that he is a confessed murderer, excited much sympathy from those who caught a glimpse of him at the depot.

Harold Pitt Acquitted.

Manila, June 26.—Harold M. Pitt, manager of Evans & Co. government contractors, who has been on trial on the charges of improperly purchasing government stores, was acquitted. Four other purchasers of commissary stores were found guilty and fined \$1000 each.

Thirty-nine Buildings Burn.

Mayfield, Ky., June 26.—Fire here destroyed property worth probably \$200,000. Seven tobacco rehandling houses, a large quantity of tobacco and 32 small residences and business houses were destroyed. Scores of persons are rendered homeless and hundreds thrown out of employment.

Boer Emigrants Arrested.

Kenhardt, Cape Colony, June 26.—German authorities of Damaraland have arrested a number of Boers who emigrated thither after the recent fight at Naroegas. Thirty-eight families of women and children have been placed in camp at Schmidt drift.

Burning Catholic Churches.

Gijon, Spain, June 26.—A placard has been posted in several churches here announcing that all churches of the diocese would be burned. The churches of the villages of Noreua and San Juan already have been destroyed by incendiaries.

Five Years' Banishment.

Paris, June 26.—The senate as high court of justice completed the trial of Marquis de Lar-Saluces, charged with treason. He was sentenced to five years' banishment.

Presidential Election in Chili.

Santiago, June 26.—Preliminary elections for president to succeed Sanor Errazuriz were held Tuesday. Perfect order prevailed. The result is not yet known.

NOVA SCOTIA COAL.

The Navies of Russia and Germany May Be Supplied from There.

New York, June 26.—Nova Scotia may in the near future be supplying the Russian and German navies with coal, says a Halifax dispatch to The Tribune. M. DeStruve, the Russian consul general who, with A. Boff, the German consul general in Canada, is making a tour of inspection of the coal and iron industries of Cape Breton, said in an interview at Sydney:

"I am told there is an unlimited coal supply in Cape Breton. Hitherto Russia has been securing most of the coal for her navy from England. If coal is cheaper in Cape Breton I shall certainly recommend to my government the advisability of purchasing coal for our navy from Cape Breton."

"Russia is, of course, also greatly interested in the iron and steel industry. We want rails for our Siberian railway and we want other products of iron, and I shall make a report to my government on the steel industry as it exists in Canada. I was at Sault Ste Marie two weeks ago and was very much pleased with the outlook there."

"Siberia is rapidly increasing in population and will soon be a great country, and I hope to unite more closely the relations between Canada and that country. It is solely an agricultural country and will need all sorts of machinery, and I look to Canada supply a large portion of the same."

Robbery the Motive.

Corpus Christi, Tex., June 26.—Mortimer Mitchell still lives, but physicians give little hope for recovery. By the sweating process officers have obtained from a man they have under arrest the statement that robbery was the motive for the crime. Mitchell was seen the night before with about \$55 in his possession and his assailant went to steal that when Mitchell awoke and was shot.

Played With a Shotgun.

Gonzales, Tex., June 26.—News was received here by telephone from Belmont that that two little boys, aged 4 and 6 years, sons of August Eranky, while playing with a shotgun met with a frightful accident. The gun was discharged, the load tearing the head from the body of the youngest boy.

Mica in Harrison County.

Marshall, Tex., June 26.—J. M. Bell of Scottsville, was in the city and showed a sample of pure mica taken from the well of his father, two miles south of Scottsville, in this county. Mr. Bell says the mica was struck at the depth of 18 feet, the stratum being four feet thick.

Colonel Brackenridge's Gift.

San Antonio, Tex., June 26.—Colonel George W. Brackenridge has placed to the credit of the city school board the sum of \$10,000 to be used in erecting a school for negro children. The board has accepted the gift and a contract for the building has been awarded.

New Compress for Paris.

Paris, Tex., June 26.—A number of cotton firms in Paris have organized a company for the purpose of establishing a second compress here. It is claimed that a second compress will be of great advantage to the buyers in concentrating cotton here.

Coal Vein in Kaufman County.

Terrell, Tex., June 26.—While F. E. Knight of Speed, Van Zandt county, was drilling a well at his home and when down 65 feet the drill went through a 10-foot vein of coal. He intends to sink a shaft to the coal.

Fined and Sent to Jail.

Paris, Tex., June 26.—Alf Booker, a negro, was fined \$100 by a jury and sentenced to 60 days in the county court on the charge of selling liquor at Blossom, in a local option precinct.

Acquitted of the Charge.

York, Tex., June 26.—John York was acquitted here on the alleged killing of the two Pierce brothers here in 1897. The jury was out only a few hours.

Only Three Passed.

Laredo, Tex., June 27.—Out of 65 applicants who stood the June county examination for certificates to teach in Webb county, only three passed.

Farmer Held Up.

Tyler, Tex., June 26.—A farmer was held up and robbed by highwaymen six miles from here. It is said the robbers got \$100.

Two Robbers Captured.

Mason City, Ia., June 26.—While attempting to burglarize Johnson's general store at Ventura, a little town 15 miles west, two members of the famous Brady gang were captured and brought to this city. One was shot through the abdomen and it is feared the wound is fatal. He refuses to disclose his name or home, as he says his parents are good people. The other gave his name as Smith. They had stolen a quantity of shoes. Both were armed with revolvers and had skeleton keys. Smith had a large sum of money.

Convict Guards Shot.

New Orleans, June 26.—A report from Angola plantation says that two guards at the state convict camp there were killed by another guard, presumably in a quarrel. The dead men are brothers named Nesbit from Baton Rouge.

Will Sign the Treaty.

Ardmore, I. T., June 26.—A message from Washington says that President McKinley will sign the creek treaty and that it will become a law at once.

Plague at Hong Kong.

Hong Kong, June 26.—During the week ending June 22 there have been 165 new cases and 152 deaths of bubonic plague here.

HELP TO MERCHANTS.

Government Engaged in Making Charts of Various Countries.

Washington, June 27. — With the view of facilitating the development of closer commercial relations between the United States and the other countries in the western hemisphere and familiarizing American producers with the geography, natural resources, railways, lines of marine communication and other essential knowledge, the bureau of American republics has undertaken the preparation and publication of a series of maps on a scale of 50 miles to an inch covering this continent.

The first set of these maps treating on Mexico has just been issued, and is bound to be useful to importers and exporters particularly, and in fact to all who have interests in that country or contemplating trading or investment in our nearest southern neighbor. One of these maps presents the political divisions of Mexico, its states, railroads, waterways, the distribution of minerals as far as prospecting has revealed their location, custom routes, overland and submarine telegraph connections, the coast line and harbors taken from the hydrographic charts of the United States navy.

The other map, on the same ground work, indicates by the various colors and contour lines adopted for all United States government maps, the elevations of all parts of the republic and the distribution of its agricultural features, showing what sections are wheat growing, what are favorable to the great Mexican staple, henequen, and those adapted to coffee, cotton and other products.

The similar map of Brazil is about completed, and those of Guatemala and Costa Rica are well advanced.

NEW LIFE RAFT.

The Government Has One That Is Believed to Be Valuable.

Washington, June 27.—The navy department is providing some of the warships with a new life raft. It consists of an elliptical copper tube somewhat flattened, with air tight compartments, strengthened by fins. The tube is incased in cork, wound with canvass and made absolutely water-tight. Attached to this float is a rope netting three feet deep, from which is suspended a wooden slatted bottom. The netting is suspended on the inner side of the float from rings which travel on lashings so that the bottom rests in the proper position, no matter which side of the float falls upon the water when it is thrown overboard. It does not require to be righted, adjusted or turned about; it is ready for service the moment it strikes the water. Oars are attached to the sides of the float to propel it when it is occupied. Enough persons cannot get on this craft to make it sink and unlike the lifeboat it cannot capsize or founder, nor like a raft, go to pieces against the sides of a ship.

Angry Boy Killed Himself.

Vandalia, Mo., June 27. — George Dunn, aged 19 years, son of Marion Dunn, mail carrier between Vandalia and Madisonville, shot himself in the stomach and died. Young Dunn had carried the mail for his father that day. It is said he was mad at Mr. Dunn and, when he reached home, said he intended to kill himself. Marching into the nearby woods he fired the fatal shot.

Two Died in a Well.

Greenville, Ills., June 27.—Louis and Alfred Balsley, while engaged in deepening a well on the farm two miles north of here, were killed. Dynamite had been used, and immediately after the charge had exploded Alfred Balsley descended into the well, and was immediately overcome by the gas. His brother, Louis, went to his assistance and met a similar fate.

Gomez Departs for New York.

Havana, June 27.—General Maximo Gomez sailed for New York Wednesday by way of Tampa, Fla., to confer with Dr. Thomas Estrada Palma, the former delegate in the United States of the revolutionary government of Cuba.

Five Years For Assault.

New York, June 27.—Thomas G. Barker convicted at Jersey City last week of felonious assault upon Rev. John Keller, has been sentenced to five years imprisonment in the penitentiary.

New Bag Company for Dallas.

Austin, June 27.—A permit to do business in Texas has been granted to the Bemis Bros. Bag company of St. Louis, the capital stock to be \$600,000. The Texas office is to be located at Dallas.

NEWS IN BRIEF.

The Missouri, Kansas and Texas railroad will receive 37 new engines and 2000 new cars in the next few months.

Mrs. George Skidmore, an old resident of Leroy, Ill., died from paralysis, aged 80.

Six store buildings at Ada, I. T., were destroyed by fire. Loss \$7000, partly insured.

W. B. Fakes, a lawyer and newspaper man, well known for his humorous writing, died at Waco, Tex.

All the poolrooms in Butte, Mont., closed down at the end of business yesterday, Mayor Davy having ordered their licenses revoked. The poolrooms have been paying the city \$150 each per month.

A recount of the ballots shows Senator Victoria was elected mayor of Cienfuegos, Cuba.

The new Katy passenger depot at Waco, Tex., has been completed. It cost \$41,000.

Muskogee, I. T., is excited over oil discovery.

DEAD PLACED AT FIFTY

Result of the Cloudburst in West Virginia Valley.

MANY ARE HOMELESS

While Distress Is Widespread It Is Believed the State Is Able to Relieve the Situation Without Outside Assistance.

Roanoke, Va., June 27.—The news from the flood swept district in West Virginia shows no reason for increased estimates of fatalities or property losses. Fifty is the outside limit of lives lost.

While many poor people have lost their all, there is no danger of suffering for want of food.

Up to this time the list of dead recovered amounts to 18, 7 at Keystone, 4 at Algoma, 3 at Eckman, 2 at Shawnee and 2 at Lawgrass. These do not include a number who were buried without being identified.

There is no distress which cannot be provided by the home people and no need of outside help of any kind. The coal operators and other citizens are plenty able to take care of the people and desire to do so. The offer for help from all over the country have been generous and are highly appreciated. If it should develop that aid from the outside is needed Governor White will take occasion to inform the people of West Virginia of that fact.

Passenger train No. 11 was lost at Eckman, being completely carried away with box cars, houses, etc. More than 200 cars many of which were loaded with merchandise were washed away at that point.

On Dry Fork the loss of life is great. Bodies are scattered along the stream, many of which will never be identified.

Seven saloons at Keystone were washed away, four lives being lost in one of them.

At Brooke the loss of property is also severe but only three lives are said to have been lost there.

The region from Eunis to Davy, 43 miles, is completely in ruins. Hundreds of mine mules can be seen in heaps intermingled with human bodies. Coal operators and mill men have lost unknown amounts.

A report has just reached here that 15 bodies are lodged in a drift at Hatfield tunnel 20 miles east of this city.

Near Burke, a man saw his brother sinking in the flood and plunged in to rescue him. Both were drowned.

It is difficult for the authorities to handle the situation. Much theft is reported in the devastated districts.

The loss of property by the flood on the Elkhorn and Tug rivers is roughly estimated at from \$5,000,000 to \$8,000,000.

New Creek Valley Swept.

Keyser, W. Va., June 27.—A frightful storm passed through the historic New Creek valley south of Keyser on Wednesday night. It was an apparent repetition of the cloudburst, and in a short time the bottom lands were covered by a roaring river from 10 to 20 feet deep, carrying off newly harvested wheat, growing oats, corn and gardens and damaging roads and pasture fields.

It is not known that any lives were lost, but several persons are unaccounted for. The waters have receded, and on all sides are lying the bodies of horses, cattle, sheep, hogs and other live stock by the score.

Visited by Another Storm.

Bluefield, W. Va., June 27.—Another destructive storm visited the flood swept district Wednesday night and while no loss of life is yet reported from the second visitation, yet the damage to property has been great. The work done by the large force of men repairing the damage of last Saturday's flood had been destroyed in many places.

Details are hard to gather for the communication destroyed by Saturday's flood has not yet been re-established.

Storm at Pittsburg.

Pittsburg, June 27.—The storm which struck Pittsburg Wednesday afternoon was short in duration, but terrific in power and disastrous in effect. The

lightning and thunder was practically continuous for 30 minutes, the wind attained a velocity of 30 miles an hour and 4.6 inches of rain fell. One woman was killed by lightning and several persons may die from the same cause, numberless houses and churches were struck by lightning and several picnic parties were panic-stricken.

Fast Run of the Katy.

Fort Worth, Tex., June 27.—As the Katy flyer was leaving the union station in this city Tuesday morning a broken wheel was discovered on a baggage car, delaying the train 40 minutes. This was all made up between here and Whitesboro, a distance of 71 miles, the run being made in 1 hour and 40 minutes actual running time, an average speed of 45 miles per hour. Connection was made with the other train at Whitesboro.

Bitten by a Snake.

El Paso, Tex., June 27.—P. D. Cunningham, chief engineer of the United States boundary commission, was brought here with his foot fearfully swollen from a snake bite. Cunningham and party went down the Rio Grande in boats to make observations and was bitten by a moccasin while he was asleep at night on the river bank.

TEXAS NEWS.

Prince Edwards Captured.

Houston, June 27.—Captain Davis, one of the convict escorts of the state, came in Wednesday night from Rosenberg. He reports that the negro Prince Edwards, wanted for the killing of young Foster near Shreveport, was captured near there by two officers of Fort Bend county. Edwards is well known in that section, and there is no doubt as to his identity. He is also well known here, while he worked several years prior to his departure with Prophet Smith for Shreveport. He was raised in Fort Bend county.

Fought With Shotguns.

Franklin, Tex., June 27.—A difficulty occurred on Will Myers' farm, six miles from here, between Frank Lovets and Charlie Golsen, negro tenants. Shots were exchanged with shotguns at close range. The crown of Lovets' hat was shot off and Golsen received a load of small shot in the breast, from which he died. Lovets was not hurt, but is now in jail. Eli Davis, another negro, is also in jail charged with complicity in the homicide.

Trolley Cars for El Paso.

El Paso, Tex., June 27.—A half a million street railway and electric light plant deal has been closed in this city whereby all the mule car lines and two electric plants of El Paso and Juarez, Mex., pass into the hands of E. W. Davis, T. N. Barnsdill and C. R. Burchatt of Pittsburgh. It is the purpose of the purchasers or their principals to abandon the mule system and run trolley cars.

Fell on an Ax.

Colmesneil, Tex., June 27.—It is reported here that the little 4-year-old child of Clarence McAllister, who lives about three miles south of town, had fallen off the gallery onto a double-bladed ax and cut its throat, killing it almost instantly. An older child had pulled the ax from under the house and had stuck it into the ground, leaving the other blade up.

Killing in Hunt County.

Greenville, Tex., June 27.—A difficulty occurred in the Sodom community in the southeastern part of the county Wednesday in which M. C. Campbell was shot with a pistol, dying from his wounds. Campbell was about 50 years of age. R. V. Oar, a brother-in-law of deceased, and a Holiness preacher, surrendered. He is about 50 years of age.

Given a Life Sentence.

Marlin, Tex., June 27.—The verdict rendered by a jury in the district court here gives Jim Haskins, a negro, a term for life in the penitentiary. He is perhaps 25 years old, and is charged with the murder of another negro. The killing occurred on the Lenoir plantation in the Brazos bottom near Marlin last fall.

Wound Caused His Death.

Corpus Christi, Tex., June 27.—Mortimer Mitchell, the young man who was found shot in bed Sunday morning, died Wednesday. His death has greatly intensified the indignation at his assassination. While officers are yet at work on the case, no additional arrests have been made.

Crushed Between Cars.

Denison, Tex., June 27.—Brakeman V. E. Davis, who left Muskogee, I. T.,

Wednesday morning was killed at Worth siding, between Muskogee and Atoka, while making a coupling. His skull was crushed between the two cars and his death came instantly.

Ooley Released on Bail.

San Antonio, June 27.—H. H. Ooley, charged with the killing of John Ramsey and the wounding of Officer Montez in the Fashion theater several weeks ago, has been allowed bail in the sum of \$250 in the two cases, which he gave.

Killed by the Fall.

Omaha, Tex., June 27.—J. T. Allen, while being drawn from a well on Motley brothers' farm about four miles north of town, fell back into the well and was instantly killed. The well is 52 feet deep.

Shot from Ambush.

Bastrop, Tex., June 27.—Robert Newsum was shot from ambush on Tuesday night near Sayers and it is thought he will die from the wound. He was almost a helpless cripple and incapable of self defense.

Fell Between the Cars.

Texarkana, Tex., June 27.—Charlie Mitchell, a negro, fell between the cars while riding on a Kansas City Southern freight train on Rose Hill and was instantly killed. His head was severed and his body cut in two in the middle.

Charged With Counterfeiting.

Ablene, Tex., June 27.—In the examining trial before Commissioner Giraud two of the men charged with counterfeiting were discharged and the third was placed under bond in the sum of \$300.

Room for More Patients.

Austin, June 27.—The state lunatic asylum at Austin will be ready to receive 200 additional white patients after July 5.

Prominent St. Louisian Dead.

St. Louis, June 27.—Peter L. Foy, 87 years old, who was postmaster of St. Louis during the civil war, died at his home here of heart disease after an illness of two weeks. Years ago he was editor of the Missouri Democrat and after the war he edited the St. Louis Dispatch.

One Killed and Four Hurt.

Montgomery, Ala., June 27.—A collision on Hull street Wednesday afternoon between a trolley car and a horse cart caused the death of one man and four were injured.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

...TAKE

HEPTOL

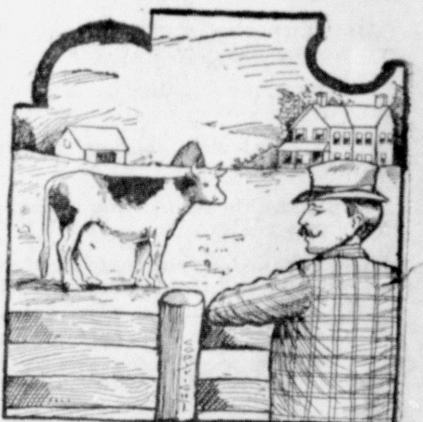

FOR BILIOUSNESS,
EFFECTIVE & HARMLESS!
